GENERAL INFORMATION

HEALTH—These herds and the Market are maintained in T.B. Restricted and Bang's Control Areas so that the cattle can go right out from the sale to any point in Canada. Arrangements may be made to test cattle for export.

GUARANTEE—The bulls in this sale are guaranteed to be breeders according to the terms of the Saskatchewan Cattle Breeders Ass'n Rules. Cows with calf at foot are considered to be breeders. Bred heifers cannot be guaranteed in calf but they are guaranteed breeders. Heifers one year of age and over are guaranteed breeding.

SHIPPING—Purchases may be left at the Market overnight while trucking is arranged.

COVER STORY: The bull pictured was Senior Champion at 1973 Regina Bull Sale. This big, easy moving, bull sold to Reed T. Berrett, Roberts, Idaho, for \$1825 and weighed 1620 lbs. in moderate condition. Schoolview Leader 31st was regarded by many Hereford and Angus men as the tallest best walking bull in the sale barns. This is quite a compliment as there were just under 900 bulls entered in the sale. Leader 31st is an excellent example of the type of cattle we are striving for and he is a half brother to Schoolview Leader 18th X, who sold in the Regina Bull Sale to Wm. Muirhead and Sons for \$1950. This bull weighed over a ton at three years of age after heavy service, in one of Sask. long time top herds.

Keith Park Farms, Zealandia, Sask.

To all interested cattlemen: This year we are offering a large offering of polled females. Most of them have a complete polled pedigree. All our cattle are wintered outside and after this winter they proved themselves as trouble-free cattle. We dug deep into the herd to offer you some daughters and grand-daughters of the great Pleasant Dawn Riverhurst 3rd X. The pedigrees speak for the yearling heifers. The heifers will sell open so the buyers can breed them to his own choice of bulls. Any further information that you need on these cattle please contact us or see us at the stalls.

Fellow breeders and interested cattlemen. We are again offering a large group of quality cattle and we have dug deep to come up with these cattle. There isn't a cull among them (all culs go to the packers). I'm not using long flowery foot notes, just important information directly concerned with the cattle in the sale. (Good cattle don't need flowery foot notes.) Further information will be available at the stalls or by mail on request. We hope these cattle are what you are looking for, in that they are sound trouble-free cows with good healthy calves at foot. After all the Shorthorn female is the greatest with the least amount of trouble. The ranchers, kind that produce and wear big calves.

*Sincerely,
Bernie Moellenbeck*

Ty Canol Leader's Gay Lad 24D is a bull that we feel is very promising. His sire, Leader 6th was sire of the year. His dam D'n Eden Gay Lass 13A, by Cumberland Gay Lad, is a very good producing female and a good milker. We feel he will do the breed some good and produce the type that is required.
